

WORLD FORUM OFFSHORE WIND

Who we are

80+
members

JOIN
US!

World Forum Offshore Wind (WFO) is the world's only organization 100% focused on promoting offshore wind energy on a global scale.

- Registered as a non-profit organization (e.V.) in Germany, with offices in [Hamburg](#), [Tokyo](#), [Taipei](#) and [New York](#)
- International members represent the complete offshore wind value chain
- Unique global profile facilitates access to governmental and international forums

Membership Benefits

1. Participation in WFO's **Floating Offshore Wind Committee** and **Offshore Dispute Resolution Committee**
2. **Free speaking opportunities** at global offshore wind events organised by WFO or its partner organisations (Asia Wind Energy Association, US Business Network for Offshore Wind, UK's EIC, World Ocean Council etc.)
3. Possibility to create **industry publications together with WFO**
4. Support from WFO for **special international initiatives**
5. **Increased visibility** via WFO's communication channels and participation in **shared WFO stands** at trade fairs and exhibitions

Activities

INFORMATION

in the form of industry reports, weekly newsletters and joint publications with members

EVENTS

that share knowledge, foster expert discussions and provide networking opportunities

ADVISORY

to help open up new markets and advocate for global offshore wind growth

Offshore Dispute Resolution Committee

The **Offshore Dispute Resolution Committee (ODRC)** is dedicated to developing **alternative dispute resolution mechanisms** to resolve global offshore wind disputes faster and more cost-effectively.

WFO has created its **Secretariat for Dispute Resolution Services** to manage and support all ODRC activities and services.

EXPERT
PROCEEDINGS

ADJUDICATION

MEDIATION

The ODRC is creating a **pool of offshore wind experts** with proven **track records** in offshore wind dispute resolution. Interested offshore wind experts are encouraged to check our website for more info.

Floating Offshore Wind Committee

The **Floating Offshore Wind Committee (FOWC)** is a forum dedicated to identifying the questions and answers required for bringing floating wind technology to **commercial scale**.

The **FOWC Subcommittees** focus on specific areas of floating wind. Through monthly gatherings, they identify hot topics for the industry based on practical experience, feed into existing research & development efforts, and ultimately bring the industry forward.
