

Tokyo/Hamburg/Taipei/New York, 21 November 2022

***Announcement of new international symposium  
“Floating Offshore Wind Asia (FOWA)” and FOWA2023 will be held in March 2023.***

Renewable Energy Association for Sustainable Power Supply (REASP) (<https://reasp.or.jp/en/>) and World Forum Offshore Wind (WFO) ([www.wfo-global.org](http://www.wfo-global.org)) are pleased to announce that an international symposium for Floating Offshore Wind is launched jointly by REASP and WFO, called Floating Offshore Wind Asia (FOWA). The first edition of the symposium will be held 9th and 10th of March 2023 in Tokyo, Japan.

The symposium will bring together market leaders from all over the world to actively exchange insights about floating offshore wind industry, which is a key for achieving carbon neutrality, thereby contributing to the steady and sustainable development of the Floating Offshore Wind Power market.

**Ikeuchi Takashi**, President, REASP:

Through this symposium, we would like to contribute to the promotion and expansion of the introducing of floating offshore wind farms in Japan and Asia in the future by actively interacting with people involved in floating offshore wind power generation around the world.

**Gunnar Herzig**, Managing Director, WFO:

FOWA will bring together leading industry representatives from around the world to discuss a wide range of crucial floating offshore wind topics including technology, finance, insurance, and environmental stakeholder management. We are therefore very much looking forward to being part of this first FOWA event to be held in Tokyo.

### **FOWA 2023 Event outline**

**Date/Time (Japan time):** 9<sup>th</sup>, Thursday – 10<sup>th</sup>, Friday 2023

Symposium: 9<sup>th</sup> March (13:00 – 17:00 JST), 10<sup>th</sup> March (9:30 – 17:30 JST)

Reception: 9<sup>th</sup> March (18:00-20:00 JST)

**Venue (Tokyo, Japan):**

Symposium: Marunouchi Building Hall & Conference Square 7F/ Online Streaming

Reception: TOKYO KAIKAN

**Language:** English-Japanese (simultaneous translation)

**Tickets:** Available for a charge

**Registration:** <https://reasp.or.jp/fowa2023/en/>
